Tamper Proof Destructible Labels, Stickers, and Decals

If you need a **Custom Tamper Evident Decal, Sticker, or Label** that makes it obvious that someone has tampered with your product - by exposing the word **VOID** when the material is separated from the adhesive - **Voidable Chrome Stickers** will fit the bill.

Alternatively, **Destructible Decals, Stickers, or Labels** will simply tear in a bazillion pieces if someone tries to transfer these warranty stickers to another product, thus **voiding any warranty**.

Either of these decals are perfect for **protecting your product against fraudulent warranty claims** as they can't be moved from one piece of equipment to another.

Where to Use Voidable Labels, Stickers, and Decals

Tamper Evident Labels can be used for -

- Office Equipment

- Machinery
- **Computers**
- Televisions, DVD Players
- **Stereo Systems**
- Kitchen Products
- **Or any other Warranted Product!**

The Visigraph 100% Satisfaction Guarantee

We pay **careful attention** to every detail on every order we receive, and our **100% Satisfaction Guarantee** is just what it says...you'll love our decals or we'll re-do them. It doesn't happen often, but hey, we're human too! Rest assured, though, that if it does, we'll fix'em free of charge and with **no hassle**.

Note Regarding Clear Decals

Under **most circumstance** any colors must be **backed with white** to prevent the colors from appearing "washed out." The white can back-up **just the art** or the entire background. In cases where the graphics or copy is **thin or small**, a "**halo**" print may be required.

Calculating the Size of your Tamper Resistant Voidable Sticker

Length x Width = Number of Square Inches. For example, if you have a decal that is 3" x 5" simply multiply **3 x 5 = 15 square inches**.
