Digitally Printing Vinyl Banners has made it easily affordable for small businesses to afford **full-color banners** on a shoestring budget while making your company or organization look like \$2 million bucks (Note: considering inflation, a million bucks would sell our banners short). You don't want to skimp on quality with your advertising banners, or your potential clients could think you're going to cut corners

with your product or service too!

Dye-sublimated Polyester Banners - Compared to direct solvent ink printing to fabric, the dye-sublimation printing process provides the most **vibrant photographic colors** and definition of any type of full color printing. If you're wanting to give your potential customer confidence that you're going to give them top shelf service, this top shelf product is the best way to make a **great first impression. Banner Stands & Hanging Hardware** - Easy to use, quick to set up and effective display advertising - in as little as 30 seconds. We offer most of our display hardware **with or without** the signs or banners.

The Visigraph 100% Satisfaction Guarantee

We pay **careful attention** to every detail on every order we receive, and our **100% Satisfaction Guarantee** is just what it says...you'll love our custom banners or we'll re-do them. It doesn't happen often, but hey, we're human too! Rest assured, though, that if it does, we'll fix'em free of charge and with **no hassle**.

Calculating the Size of your Sign, Banner, or Decal

Length x Width = Number of Square Inches. For example, if you have a decal that is 3" x 5" simply multiply **3 x 5 = 15 square inches**.
