No matter what type of **public or private transportation projects** you are working on, we have **Street Signs & Stop Signs to Handicapped Parking Signs, Warning and Construction Signs, Guide Signs, Slow Children Signs**, and much more.

Amazingly, you'll pay less for our **high quality standard and custom reflective aluminum signs** than you will for some of the so-called budget signs made from plastic or vinyl.

Click on the category of reflective traffic signs you need and view the stock reflective road signs available. **[Feature coming - not yet enabled as of 10-18-11 - call or email for current sign info]**. If you don't see what you're looking for, it may be a **custom traffic sign**...if you know the number (e.g. S1-1) or name of the sign (e.g. Stop Sign), type that into the SEARCH field to quickly locate the desired sign.

All our traffic signs and custom traffic signs are typically made from **alodized 5052-H38 aluminum**. What that means is that we use **high quality aluminum** with a specific hardness as required by the **US Government** and all 50 states and **Canada** and it is **corrosion resistant**.

All of our traffic street signs will be made from the aforementioned aluminum - it comes in **thicknesses** of .040, .063, .080, .100, and .125 inches.

We use **3M™ Retro-reflective Vinyl Sheeting** on our Traffic Signs. 3M™ is known for producing the **highest quality** reflective films available.

Often government entities such as the **United States Postal Service**, as well as many commercial enterprises use **specific traffic guidance and parking signs** for their facilities. These fall into the category of **Custom Traffic Signs**. Visigraph can help your organization design **coordinated signs** for your parking lots and traffic areas that continue to **advertise your company** even outside your building.

## The Visigraph 100% Satisfaction Guarantee

We pay **careful attention** to every detail on every order we receive, and our **100% Satisfaction Guarantee** is just what it says...you'll love our reflective traffic signs or we'll re-do them. It doesn't happen often, but hey, we're human too! Rest assured, though, that if it does, we'll fix'em free of charge and with **no hassle**.

We also distribute **TraFFix™** road construction accessory products from **Looper™** cones to **barricades** to **sign stands**.

Digital traffic signs and illuminated traffic signs are also available. Call us for information on these specialty traffic signs.
