Gemini Cast and Engraved Plaques in Bronze, Aluminum, Copper, Brass, and Stainless Steel

Gemini uses a variety of methods to **manufacture our plaques** - all using virgin materials of the purest alloys. Whether lead and mercury free **bronze**, high-grade **aluminum**, lead-free **brass**, brilliant **copper**, or #304 or even #316 **stainless steel** - Gemini has the metal you need to make a lasting impression.

Whether your plaques are Cast Architectural, Etched, or those requiring ADA specifications — Gemini can create the marker, seal or plaque you need in just 8 working days.

Recognize an individual or place; capture a historic footnote; or use a plaque for signage — and order it from us.

The Visigraph 100% Satisfaction Guarantee

We pay **careful attention** to every detail on every order we receive, and our **100% Satisfaction Guarantee** is just what it says...you'll love our plaques or we'll re-do them. It doesn't happen often, but hey, we're human too! Rest assured, though, that if it does, we'll fix'em free of charge and with **no hassle**.

Calculating the Size of your Plaque Sign

Length x Width = Number of Square Inches. For example, if you have a decal that is 3" x 5" simply multiply **3 x 5 = 15 square inches**.
